

Vaping Policy

In an effort to protect the health of members, staff and guests from a recognized health hazard and to reinforce a positive Club environment, the Boys & Girls Clubs of Greater Ventura (BGCGV) prohibits the use, possession, exchange or sale of any vaping devices in any of its buildings, vehicles or properties on which the Club operates its business, or at any activity sponsored by BGCGV, regardless of the location.

For purposes of this policy, a “vaping device” means any oral device that simulates smoking by vaporizing a substance that is inhaled by the user. The term shall include any such devices, whether they are manufactured, distributed, marketed or sold as electronic cigarettes, e-cigarettes, e-cigars, e-pipes, vaping, or under any other product name or descriptor, and shall include any vaping fluid, cartridge, paraphernalia or partial device and shall hereinafter be collectively referred to as “vaping device.”

BGCGV will discipline any member, staff or guest who is found to violate this policy. Depending on the nature, severity and frequency of a violation, BGCGV may issue a verbal warning, written warning, fine, penalty, suspension or termination, or may refer the violator to law enforcement.
