## Welcome to the Boys & Girls Club Summer Program!

We are pleased to offer your children the opportunity to be in a safe, healthy environment, with fun educational activities. Our program incorporates fun summer themes and helps children practice skills that were learned during the school year!

We offer field trips on Wednesdays for our children ages 6 to 10 and Friday field trips for our Teens, ages 11 to 15! (Field trips come at an additional cost.)

There are weekly activities for kids of all ages, including arts & crafts, exciting library shows, library reading club (library trips are walking field trips), STEAM activities, gym, games, and a computer center!

Our Staff are experienced in planning crafts, games and educational activities for your children.

Sign up now because Great Futures Start HERE!
